

GAMING SOLUTIONS

Realistic virtual sports, built for betting

Ramp up your revenue with Virtual Sports

24/7 betting for your sportsbook

Want to supercharge your revenue with round-the-clock betting? Our Virtual Sports' ultra-realistic gameplay will transport your customers to the heart of the action on multiple channels: retail, terminal, mobile and online. You'll be in good company too: more than 180 bookmakers, 500 websites and 10,000 retail outlets already show our Virtual Sports.

The highlights

- A hyper-realistic betting experience thanks to lifelike simulations and visualisations of team and player performances.
- Covers all main bet markets, plus optional features like multiple bets, outrights and form-based pricing.
- Lots of customisation and integration options mean it works across all geographies and channels.
- Our gaming platform with e-wallet integration makes adding new sports easy – virtually zero development needed.

Built on real data

Betting that's as realistic as it gets

Outstanding realism across all in-match events and gameplay, competition formats and betting markets. And because we're the world's number one provider of outsourced betting services, our gameplay is based on real data you can trust.

Virtual Football

Stay top of the league with our best-seller

Realistic matches, betting markets and competition mechanics. Our multi-competition format is so close to the real thing your customers might even forget it's computer generated.

The highlights

- League Mode with 16 teams, plus 30 match days with 8 parallel games on each one.
- Multiple international competitions (World, European, Nations and Asian cups) with the same teams and group set-ups as their real-life counterparts.

- Covers all main betting markets, including multiples and outright.
- More than 100 events an hour in each league, and over 50 in each cup.
- New bet cycles every few minutes (the default online version is 3.5 minutes).

Virtual sports with real-life video footage

Virtual Basketball

Non-stop slam dunks

An infinite number of matches in a realistic league competition. Featuring all the top US basketball cities, Virtual Basketball is based on more than 480,000 real basketball events. That makes it the most realistic virtual basketball betting experience on the market.

The highlights

- 16 teams playing four quarters (plus potential overtime).
- 8 matches in parallel with 3,330 fixtures a day.
- New bet cycles every 3.5 minutes.
- Optimised screens for in-venue distribution.

NEW SERVICE

Virtual Cricket In-Play

Hit a six for your customers

To its billions of fans in South Asia and beyond, cricket is life. And we've modelled our latest virtual sport on its most popular league. T20: all the joy of cricket, none of the waiting around. But there's one problem: the off-season. Which is where Virtual Cricket In-Play comes in. It's 24 / 7, all year round, with no season breaks. So fans get to watch and bet on their favourite sport, non-stop. It includes India's top 8 teams, playing in a T20 league that's powered by our world-beating sports data. That data makes the matches so real, you'll forget they're simulations. There's nothing else like it on the market.

The highlights

- Live bets on a market-leading 56 cricket matches a season
- India's top 8 teams playing a hyper-real T20 League
- More than 10,000 betting opportunities a season, for non-stop betting action
- All major betting markets, including Back & Lay
- Automatically available for RGS* clients

Virtual Tennis In-play

Game, set, match 24/7

Always-on in-play betting means matches just keep on coming – and rain never stops play. Featuring 16 players in three-set matches, created using advanced motion-capture techniques for life-like action. And all based on real sports data.

The highlights

- Hundreds of betting opportunities on every ball.
- Four asynchronous matches available, offering betting every 15 seconds.
- Optimised for punters who like to bet on form and momentum.

Virtual Baseball In-play

Home runs all year round

America's favourite pastime with no off season. High-definition action based on motion capture from professional players. Featuring real Major League Baseball (MLB) data and game plays, and broadcast-style transitions.

The highlights

- An exclusive from our MLB partner.
- Multiple gameplay levels and all the basic bet types: Money Line, Run Line and Total Runs.
- Complete games from first pitch to final out – everything that can happen in a real game.
- A single solution optimised for retail, terminals, online and mobile.

Made for mobile

all our Virtual Sports

Virtual Horses

Uninterrupted racing, whatever the going

Uniquely generated races every two minutes, over different tracks and distances. All popular markets, including full forecast and tricast, plus combination bets. A historical results feature (including odds), live race rankings and dynamic performance behaviour mean it's just like watching the real thing.

The highlights

- Unique races with realistic betting mechanics and markets.
- Available for multi channels: responsive online version, mobile and retail.
- Loads of customisation options and commentary in English, Spanish, French and Italian.

Virtual Dogs

All the sights and sounds of the greyhound stadium

30 unique events an hour over different distances (360m and 720m). All popular markets included – full forecast and tricast, and combination bets. Adaptive streaming features performance behaviour technology to seamlessly mimic reality. Fast, frenetic and non-stop.

The highlights

- 30 unique events every hour over multiple tracks and distances.
- Multiple channels: responsive online version, mobile and retail.
- Customisable with commentary available in English, Spanish, French and Italian.
